

*I'd love to have anyone that wants to come along and run some with me. I'll be happy to see you, I promise... even if I don't have the sunniest disposition at the time!*

Sometime after 7:30am or so, I'll be running/walking/crawling the loop below. I hope to stop at the GRACE apartments at 203 West Nash, sort of behind the police station, as close to 10am as possible.

Starting at 422 Church Street, east side of FUMC Grapevine ("S" on map below),

South on Church Street to College Street,

Right (west) on College to Ball,

Right (north) on Ball to Wall (Ironic, isn't it? But it doesn't mean what everyone thinks it means, just google it.),

Right (east) on Wall approximately 1 mile to Eckley,

Right (south) on Eckley to Worth,

Right (west) on Worth (past the Payne's house!) through downtown to Church,

Left (south) on Church, repeat as needed (approximately a 2.6 mile loop).

The last loop, hopefully starting around 9:15-9:20, will follow the same route but will take us on past College the second time towards the apartments at 203 West Nash Street ("F" on map below) and will be about 3.3 miles.
